Subject: Next Steps for Lots 9-11

Hi Noel,

Based on our discussion this morning, please complete the following prior to issuance of Building Permits for Lots 9-11:

1. Complete follow-up steps identified in the MIG Memo dated 6/18/19, including installation of woodrat protection fencing prior to vegetation removal/erosion control installation
 - a. Confirmation by MIG and SWCA that follow-up measures were completed
2. Install Erosion Control and Tree Protection Measures
3. Schedule and complete Erosion Control and Tree Protection Pre-site inspection with Planning Staff and SWCA
4. Administrative tasks prior to issuance of BLD permits:
 - a. Pick up Sewer permit from DPW
 - b. Submit grading schedule
 - c. Provide additional info requested by Planning for sign-off of Lot 11.

I also reminded you to resolve the tree hazard issue at 2161 Bunker Hill brought up by the HCA.
