PRCS and MS Released to SMC Supervision

Age

Race

Gender

PRCS			
East Palo Alto	4	South San Francisco	1
Redwood City	2	Daly City	1
Transient	6	Out of County	4
Total Supervisees	18		

MS			
San Mateo	2	Redwood City	1
South San Francisco	1		
Transient	2	Out of County	3
Total Supervisees	9		

Terminations, Revocations and Flashes

There were twenty-seven (27) terminations during the reporting period. Seventy percent (70%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
PRCS - 14	MS - 5	PRCS - 4	MS - 4
<ul style="list-style-type: none"> Early Terminations: 12 Normal Terminations: 2 			

In the reporting period, we filed a total of forty-four (44) revocations, with PRCS having thirty-five (35) and MS having nine (9) revocations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q4 Revocations
Property	3	1	9%
Drug/Alcohol	9	3	27%
Crimes Against Persons	3	0	7%
Technical	18	4	50%
Other Crimes	2	1	7%
Total	35	9	100%

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Fifty percent (50%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Fifty percent (50%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There were five (5) **flash incarcerations** during this reporting period.

There were no supervisees whose charges were reduced because of **Prop 47** or **Prop 64**.

No cases were **transferred** to another county for supervision.

Recidivism Definition

San Mateo County: Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

Attorney General: An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

BSCC: A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

San Mateo County Quarterly Realignment Bulletin

Quarter 1: April 2021 — June 2021

Executive Summary:

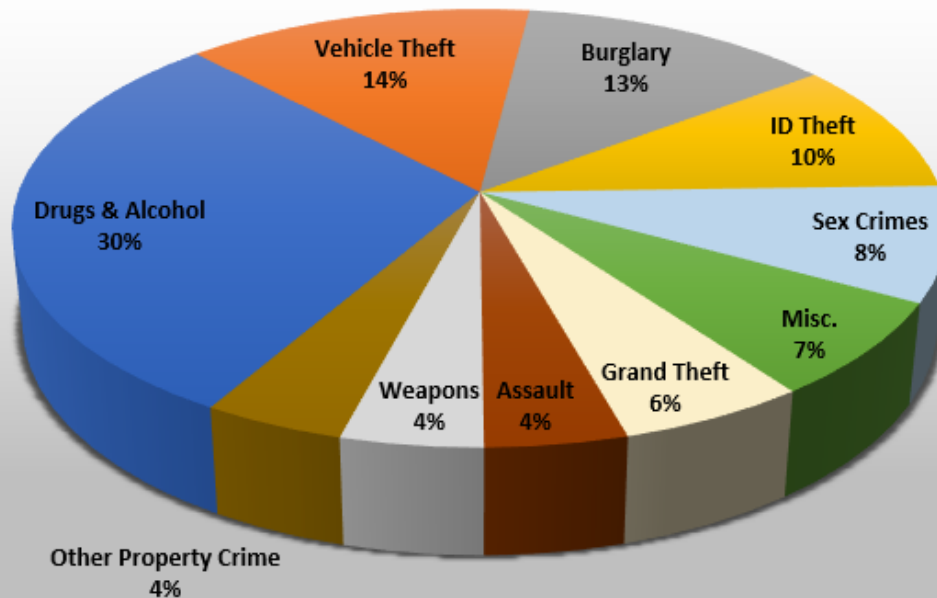

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during April through June (Q2) continue to show that this population commits drug and property crime offenses. There is no significant involvement in serious or violent crime.

Overview:

During Q2, drug/alcohol offenses (30%), vehicle theft (14%), and burglary (13%) were the top three committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note that "other property crime" refers to offenses such as forgery and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, resisting, and stalking. Overall, there was a decrease in the total realignment population during Q2 in part due to COVID-19.

The data used for this analysis was derived from information provided by the San Mateo County Probation Department and data from the San Mateo County Jail.

**Supervised Realignment Population
Quarter 2: 2019-2021**

Note: This data was obtained from different sources (probation, jail) and therefore may overlap slightly. However the preceding analysis provides a general picture of the San Mateo County realignment population.

San Mateo County: In-Custody

AB109 In-Custody Statistics

PC1170(h) New Sentenced Cases	Q2 2021	Q1 2021	Q4 2020
Number of new PC1170(h) cases	33	31	22
Total PC1170(h) Days to Serve	17,885	15,200	3,439
Number of Split Sentences	13	8	7
Number of Straight Sentences	20	23	15
Average Length of Stay (ALOS) all cases (after credits applied)	441	353	144
Average Length of Stay (ALOS) Split Sentences (after credits applied)	416	482	110
Average Length of Stay (ALOS) Straight Sentences (after credits applied)	399	612	165

Demographics of the Newly Sentenced PC1170(h) during Q2 2021:

<p>Gender: Male 81.6% (31) Female 18.4% (7)</p>	<p>Average Age: 36 years old</p>	<p>Residency: 18 - Out of County 14 - In County 6 - Transient</p>
--	---	--

Mandatory Supervision Revocation (MSV):

Offenders in this population were re-arrested after being released from a PC1170(h) split sentence. Some of these offenders were ordered to serve the remainder of their original sentence and supervision was revoked; others were ordered to serve a portion of their original sentence and were reinstated on mandatory supervision.

MSV Revocation Cases	Q2 2021	Q1 2021	Q4 2020
Number of MSV Cases	5	2	1
Total MSV Days to Serve	642	205	138
Average Length of Stay	90	15	138

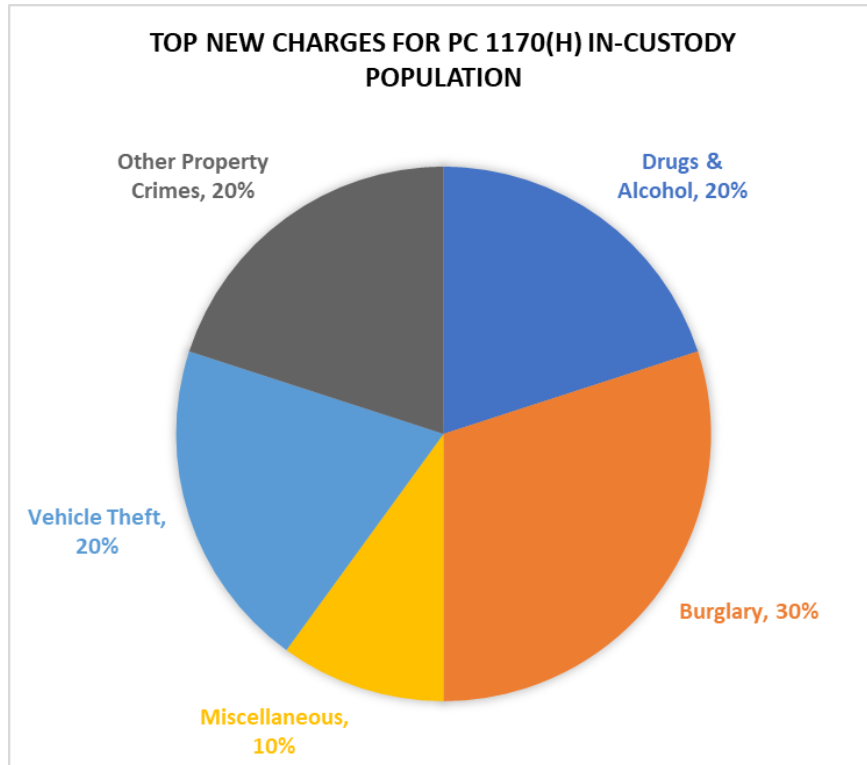

Parole Revocation Sentenced Cases	Q2 2021	Q1 2021	Q4 2020
Number of Parole Revocation Cases	8	13	9
Total Parole Revocation Days to Serve	510	754	571
Average Length of Stay	51	61	67

Post Release Community Supervision (In Custody) Cases	Q2 2021	Q1 2021	Q4 2020
Number of PRCS Revocation Sentences	19	10	17
Total PRCS Revocation Days to Serve	889	267	597
Average Length of Stay	47	25	34

AB109 In-Custody on the Last Day of the Quarter:

On the last day of the quarter (June 30, 2021), the total AB109 in-custody population was 8.6% (63) of the overall average daily population (730), an increase from the prior quarter 6.9% (48).

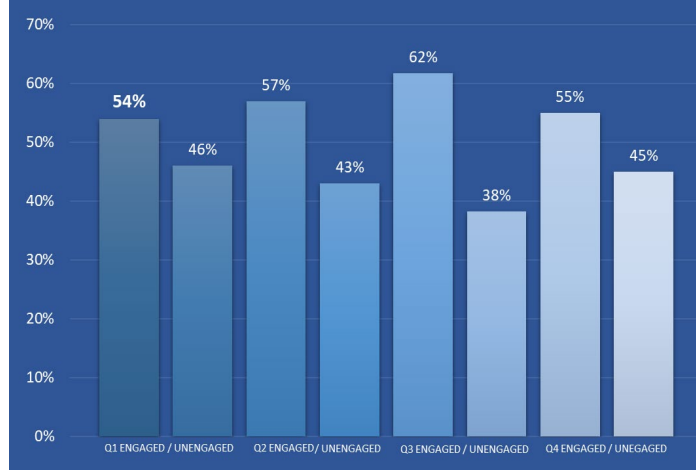

During Q2, burglary was the top new charge committed by the in-custody population. As mentioned on Page 1, please note that the category “Other Property Crimes” refers to offenses such as elder theft, embezzlement, forgery, and larceny. “Miscellaneous” refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

FISCAL YEAR 2020-2021 FOURTH QUARTER
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH

BEHAVIORAL HEALTH
& RECOVERY SERVICES

AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since the inception of the Service Connect is 2,796 and of these, 1,613 (increase of 34 over Q3) entered treatment and/or recovery plans (these participants were served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 19,757 (both mental health and substance use treatment) provided to participants since the inception of the program (increase of 779). Service type detail for the fourth quarter is presented in the pie chart at the bottom of the dashboard.

Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. Therefore, this graph indicates the total open cases for the fiscal year with Q4 the highest. Average quarterly participation less than half of what it was in previous years due to the pandemic.

Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. This report generally reflects consistent engagement and double the engagement than prior year.

Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. AOD treatment plans experienced slight decrease and MH treatment plans a slight increase over the year. Note that co-occurring participants are not represented.

Average Days in Treatment In and Post Custody

This graph shows the average days spent receiving treatment. FY 20/21 Fourth Quarter represents a significant decline in the average number of days for both programs due to facility closures during COVID. The Fourth Quarter represents a significant decline due to lack of face-to-face services.

Mental Health and Alcohol & Other Drugs Services Provided by Service Connect

This pie chart reports mental health and substance abuse treatment services provided by BHRS to Service Connect participants for Fourth Quarter. Emergency and Inpatient Services were notably low. The top five services utilized in order are AOD Residential, MH Services, Methadone, Outreach, and MH Case Mgmt.

Mobile Health Van Services

Fourth Quarter data was not available for the Mobile Health Van, although services were offered in the Fourth Quarter. These services were limited due to facility closure.

Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health in the current quarter as compared to the previous quarter, number of participants screened, number medically treated, and referred for mental illness and substance abuse treatment. FY20/21 Fourth Quarter reverses the previous upward trend, and these numbers are abnormally low.

Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect, counts do not include episodes when subject was not a participant in Service Connect. FY 20/21 Fourth Quarter represents uncharacteristically low numbers, as was crisis intervention, essentially representing services rendered for two participants.

Service Connect HSA Dashboard

FY 20-21, Q4 (April 2021 – June 2021)

Due to COVID-19 services are being delivered in a hybrid model (in person/virtual).

New Intakes

- There were 77 intakes in Q4 of FY 20-21, a 28% increase from Q3.
- Intakes in Q4: 44% UR, 28% AB109, 16% Parolees, 12% Probation UR.
- UR launched with the Probation department in March 2021. Individuals that meet Unified Reentry criteria on intensive supervision and are not referred while in custody (sentenced and released under 20 days) are now able to access Service Connect from Probation. There were 11 Probation UR clients served in Q4.
- Under the virtual intake program initiated in coordination with Sheriff's Office, 37 virtual intakes were completed in Q4 accounting for 48% of intakes.

Eligibility/Benefits

- There were 31 applications received and processed in Q4, a 19% increase from Q3: 19 CalFresh, 8 General Assistance, and 4 Medi-Cal.
- There were 13 approved applications: 11 CalFresh, 1 General Assistance, and 1 Medi-Cal.
- A total of 9 applications were denied, top reasons for denial: failure to provide verifications, over the income limit, and out-of-county. There was 1 CalFresh and 2 General Assistance applications withdrawn.

Employment Services

- In Q4, 27 clients obtained employment, of those: 37% unsubsidized placement, 59% subsidized placements, and 4% offsite placements. Of note: offsite placement was at the County vaccine clinics where clients earned \$20 per hour.
- Services and hotel & food were the top 2 businesses that employed clients in Q4.
- The average wage per hour for unsubsidized employment in Q4 was \$20.00.
- There were 51 in-custody employment workshops conducted in Q4 and 31 earned Certificate of Completion for completing a five-workshop cycle.

Services Provided

- In Q4, there were 52 clients who utilized the emergency motel voucher program and 10 received shelter bed placements.
- The top supportive services are food assistance and transportation. In Q4: 162 Safeway gift cards, 86 Target gift cards, 117 bus passes, 118 bus tickets, 142 meal vouchers and food totes, and 95 clothing vouchers were issued.
- There were 28 clients provided with cell phones.

Peer Support Services

- There were 20 clients who received peer support services in Q4: 46% face-to-face meetings in a group setting, 25% face-to-face individual meetings, and 29% phone check-ins.
- Implementation of the Interactive Journaling System group, an evidence-based model delivered virtually, started in May 2021. There were 10 virtual meetings held in Q4.
